WORK EXPERIENCE

Quality Checker

Recycle Device, (Jun 2021 - Oct 2021)

Noida Sec 8

Organization Working for Relcube India Pvt. Ltd., Noida.

EDUCATION

DPG Polytechnic

Polytechnic , (Aug 2021 - Present)

Haryana

PROJECTS

Zara Clone

This project involved creating a replica of Zara's website using HTML and CSS. This would have required a strong understanding of HTML and CSS, as well as attention to detail to ensure that the clone looked and functioned similarly to the original website.

E-Music

This project involved building a responsive music player using the React JavaScript library. The project likely involved creating a user interface that allowed users to play, pause, skip, and control the volume of their music. The music player may have been connected to an API or database to retrieve music files and metadata.

Real Time Chat Application

Developed a real-time chat application using React and Firebase, allowing users to communicate through a chat interface in real-time. The application utilized Firebase's real-time database to store and retrieve chat messages, and implemented Firebase Authentication for user authentication and authorization. Implemented features include creating and joining chat rooms, sending and receiving messages with real-time updates, and push notifications for new messages.

ACHIEVEMENTS

Come up with a new idea that improved things.

DECLARATION

I do hereby declare that all the details mentioned above are accurate to the best of my familiarity and confidence.

Nitish Kumar
