NITISH KUMAR

WEB DEVELOPER

+918285934814 | GURUGRAM | SINGHNITISH627@GMAIL.COM | GITHUB.COM/NITISHSGHH

Objective

Recent Bachelor of Computer Applications graduate with a focus on web development, equipped with a solid foundation in computer science and a passion for creating responsive, user-centric websites. Seeking an entry-level position as a web developer to apply my programming skills, hands-on experience with web technologies, and dedication to delivering high-quality solutions. Eager to contribute to a dynamic development team and continue expanding my expertise in web development.

Skills & abilities

- Proficient in HTML5, CSS3, JavaScript (ES6+).
- Familiarity with C & Java.
- Basic knowledge of responsive web design principles.
- Exposure to front-end libraries/frameworks such as Bootstrap or React.js.
- Basic knowledge of databases, including MySQL or MongoDB.
- Familiarity with Git version control.

Project

LOGIN—PAGE

Front-end web development | June 2023 – August 2023

- Innovative frontend developer with expertise in crafting user-friendly login pages, employing HTML5, CSS3, and JavaScript for seamless and visually appealing authentication experiences.
- Passionate about enhancing user interactions through creative design and efficient frontend development, with a keen eye for detail in login page aesthetics and functionality.

CHATTY

Mern web development | August 2022 – January 2023

- Developed and implemented Chatty using technologies such as WebSocket, Node.js, and Express, showcasing proficiency in back-end development.
- Designed and optimized user interfaces for seamless chat experiences, employing front-end technologies like React.js and ensuring responsiveness across various devices.
- Collaborated in agile teams to meet project deadlines, conducted code reviews, and contributed to the continuous improvement of the Chatty, demonstrating effective communication and teamwork skills.
